

28°-50° Wine Workshop & Kitchen Chelsea

A new branch of wine bar and kitchen 28°-50° is coming to Chelsea, set to serve up a European, brasserie-style menu alongside a curated wine selection. Executive Chef Julien Baris will be overseeing the kitchen, which will offer seasonal light bites, seafood platters, and cheese and charcuterie. The wine selection, meanwhile, will include both old and new world varieties, plus a small range from the bar's own specialised vineyard in the French Alps. It's being housed in a late Victorian bank on the King's Road, spread over two floors with a private terrace opening onto a courtyard, with stylish interiors by Richard Green. *Opening in spring 2021.
