

# 28°-50° WINE BAR AND KITCHEN OPENS NEW SITE

Jun 22, 2021

28°-50° Wine Bar and Kitchen has opened a new site on the famous King's Road in Chelsea.

Similar to the other sites in the 28°-50° portfolio, the new venue combines extensive wine choices with an evolving modern European menu, developed by executive chef Julien Baris. What's more, in-house sommeliers are on hand to advise on the ideal pairings, while a number of workshops, tastings and themed dinners will be held year-round for wine enthusiasts.

Richard Green, founder and owner of 28°-50° Wine Bar and Kitchen, said: "We have been careful to select the very best locations for our restaurants, and this prime location on the King's Road is the perfect site to have launched our latest 28°-50° space.

"Whether customers are dropping in for a drink, dining with loved ones or joining us for an event, here at 28°-50° we are proud of our reputation for delivering exceptional wine, cuisine and service in a very relaxed atmosphere.

"We are so pleased to have opened our doors here on the King's Road, delivering everything 28°-50° is about to discerning Chelsea patrons and those from further afield."
