Purple Ski, the premier luxury chalet operator, is delighted to reveal a range of enhancements for Méribel's Chalet Iona for the 2025 ski season. The luxurious partial refurbishment includes spacious master suites, new bathrooms and a special 'kids corner' alcove with cabin style bunkbeds, promising a sumptuous stay for multigenerational families, friends and corporate groups alike.

Set in its own secluded orchards, Méribel's Chalet Iona offers unparalleled views across 13 pretty villages and settlements – stretching towards the Vanoise National Park and the magnificent Grand Bec mountain. Wonderfully private and secluded, the property is found at the edge of the rustic mid 17 century hamlet of Le Villard, where the old chapel, bread oven and fresh water well are still very much in evidence. A mere 10–15-minute drive to the main lifts, ski school and après ski activities, it is a true hidden find and a blissful getaway from the crowds.

Guests of Chalet Iona can enjoy barman Maxime Bazeille's fresh and flowery seasonal offering, 'Spring Blossom', a heady blend of gin, bergamot rosolio, violet syrup and edible flowers.

- · 20ml Italicus Rosolio di Bergamotto
- 15ml Homemade Violet Syrup
- 15ml Freshly Squeezed Lemon Juice
- · Top up: Hysope Tonic Water
- Garnish: Edible Flower and Citrus Zest

- · Gently stir with a spoon.
- Garnish with a violet flower, lemon zest and/or a sprig of lavender to enhance the floral scent.
