*The best private rentals for 2023 include some little hidden gems; a windmill in Suffolk, a beachfront property in Portugal and a luxury villa in Thailand.*

### Villa Can Totxa, Mallorca

New for 2023 is Villa Can Totxa in Mallorca which occupies a privileged spot between the charming cobbled old town of Pollença and elegant marina of Port de Pollença.

The villa itself is a charming traditional finca, built with local stone and bedecked with wooden shutters. Surrounded by extensive grounds and hillside cloaked in evergreen oak trees the villa's classic farmhouse exterior belies its modern interiors, characterised by spacious open plan layouts, a neutral colour palette and original artworks. Each of the four spacious bedrooms has its own bathroom and pretty garden views. Wandering the mature gardens with the sound of palm trees rustling in the breeze, it's hard to believe that bustling markets, restaurants, cafés and beautiful beaches are no more than 10 minutes' drive away.

Rates for 7 nights at Villa Can Totxa, start from €18,400 on a catered basis
